

# YELLOWSTONE COUNTY MENTAL HEALTH ALLIANCE

Connecting, supporting, and  
strengthening the mental health  
workforce in Yellowstone County

## WHO WE ARE

The Yellowstone County Mental Health Alliance is a collaborative network of mental health professionals and allied providers dedicated to connection, education, and professional sustainability. We bring providers together to reduce isolation, strengthen care, and bridge gaps in local mental health services.

## TOPICS WE CAN SPEAK ON

*Available for expert commentary, interviews, panels, and community discussions.*

- Mental health access and care gaps in Yellowstone County
- Long waitlists: what to do when mental health care isn't immediately available
- Provider burnout and how it affects the quality and availability of care
- How to find the right mental health support locally
- The importance of collaboration in mental health care

## WHY WE'RE A CREDIBLE VOICE

- Local, boots-on-the-ground insight grounded in ongoing conversations with mental health providers across Yellowstone County
- Broad professional perspective through a trusted network of licensed clinicians and allied professionals
- A neutral, community-based voice translating real-world experience and data into clear, accessible public conversation

## UPCOMING CONFERENCE:

May 21–22, 2026 | Billings Hotel & Convention Center

*Bridging the Gaps: Building a Connected  
Mental Health Network in Montana*

Onnie Michalsky, MA, NCC, LCPC  
Founder | Licensed Therapist
